

# SOPHIE'S CHOICE

JUNE 14/93

Spirit of the West music

Spoke about the film, Styron's book (projected slide on the wall)  
Yo + DVD. Touched on Monday Mag article, ~~article~~  
on schiz brother in emerg. + meds.  
6 Years! - got an applause.

Sophie from DVD was good - Stan dropped by to see how  
much better and it was better. sharper.  
couldn't see it though cause the player doesn't have an  
extra coax cable for the monitor - serious deficit!

Disappointed with the turnout for a very fine show.  
Really HOT NIGHT.

Cake went over well. Had coffee but as always shouldn't  
have bothered. 1 Qt of whipping cream + a tub of sour creme  
on top. Vas Groot! 9 8" squares.

I was a bit flapped trying to make it all work. Wished  
I wasn't sched. to do Saturday. Not always is the event  
right for the mood when you get there. But we did it.

Phil + Victoria and Josephine helped and L. came up with  
butter + to clean up and serve cake. Got some photos. It'll  
look good.

Hot day, warm evening, odd day comforting L. as she's anxious  
about her turn, and we're not smooth around that.

Roundy didn't play my piece. Can't make him play it but it was a good idea.  
Getting more support from Maurice, Ingrid and Maggie, about Anne B.  
We've done it now, can't be  
ignored.

5 people \$1434.  
(enough to pay for cake fixings, some one stole the cans.  
we're not an economic boom this time)
