

You've Got Mail

June 21/99

Da ~~K~~ came to play - They were great!
very high energy. The audience loved them.
Got it on video. That's part of the deal
- Couldn't help but say - "See what happens when
the inmates run the institution?"

- We're doing lots more than just showing movies!

You've Got Mail - Warned the audience the
background message is not necessarily that of the
management. Hey it's okay if the big guys take
over.

Otherwise it was a well made entertaining, quite
clever little feel good film.

Erik came by and we talked after about his experience
at ~~EREG~~. A guy who was there for 3 days. He
sat with him and held his hand a while. We can
do some of this stuff better than the physicians
and pros.

Things are shaking up with Anne B. Ron has been asked
to talk with Janice. Told Ron what I see as the problem
He says it would cost 150 grand to retire her - well worth
it says I. It's going to be interesting from here on.
Asked Ron to watch out for access considerations
MM using the auditorium. That would be the move.
It's going to shake out soon, Anne can't work around this
