for Mental Illness Awareness Week

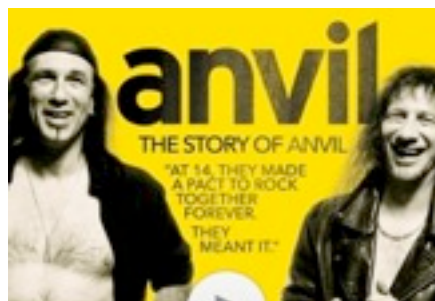

incl. discussion with Dr John Gray
Steve Lopez, a Los Angeles newspaper writer, discovers Nathaniel Ayers, a mentally ill, homeless street musician who possesses extraordinary talent. Although playing a battered violin with two strings, he was once a gifted cellist. Inspired by his story,

Lopez writes an acclaimed series of articles about Ayers and attempts to do more to help both him and the rest of the underclass of LA have a better life. However, Lopez's good intentions run headlong into hard realities; the strength of Ayers' personal demons and the larger social injustices facing the homeless. Based on a true story - link to it from our site, after seeing the film. 117min 2009 Pg13

Our guest, John Gray PhD, has a long career in mental health work, is past president of the Schizophrenia Society of Canada. He is lead author of the recently published book "Canadian Mental Health Law and Policy"

It's probably best to experience this film as a non-metalhead. Anvil is just a simple story of two guys who are dedicated to their dream. They started metal music's ascent but somehow got lost when it became big. "It might be easy to mistake ANVIL! for a THIS IS SPINAL TAP mockumentary. But despite the snicker-inducing heavy-metal trappings, this is also a warmly human portrait of two men pursuing their creative passions despite Sisyphean odds."

A totally loveable film! Best time I've had in the theatre since BEST IN SHOW. 90min 2008 R language

Happy Birthday Tommy!

Presented by
The Raging
Grannies!

Come celebrate, with The Raging Grannies, the birthday of the man voted "Greatest Canadian",

The film: NFB's award winning **KEEPER OF THE FLAME**, 1986, 58 min G
"Once a champion boxer, then a fiery preacher, T.C. Douglas got into politics during the 1930s and never looked back. His career as premier of Saskatchewan and leader of the federal New Democratic Party was a rollercoaster ride of victories and defeats. Douglas was a highly principled proponent of social justice; his radical reforms--such as medicare--are now accepted as normal public policy in Canada.

The film traces Douglas's fifty-year political career and captures the unique spirit of the man."

With special guests!
