

Movie Monday's **Saturday LIVE!**

October 5, 2013 – 7pm. By donation

UNFAITHFUL MIND provides insight into the world of psychosis and schizophrenia.

After nearly 20 years of marriage in October 2011, Marion's husband began exhibiting extreme paranoia and was convinced that someone was poisoning him and that his wife was unfaithful.

Despite the eventual and probable diagnosis of late-onset schizophrenia, John and Marion struggled to hold their family together and to deal with an illness that usually strikes much earlier in life. With excerpts in the book from John, *Unfaithful Mind* tells the story from a spouse's perspective and what is required to overcome the unthinkable. This is a story about the most severe mental illness, survival and triumph.

Ultimately this is a love story that reminds us what is truly most important.

Learn how this family learned to navigate an unfamiliar mental health care system and of their struggle for ongoing psychiatric care.

In the short time that this book has been available, Marion has appeared on CBC Radio Vancouver, CBC Radio Victoria, the Ian Jessop show on CFAX in Victoria and was the subject of a feature article in *The Georgia Straight*.

An audience discussion with writer Marion Gibson will follow the presentation.

Unfaithful Mind is available from Amazon, Chapters, Kindle and Kobo editions and anywhere that books are sold. Books will also be available for purchase and signing by Marion at the end of the evening.

This is another in Movie Monday's occasional series "Saturday Live!" that spotlights writer/performers with lived experience of mental illness and recovery.
