Touched with Fire stars Katie Homes and Luke Kirby as two poets with bipolar disorder whose art is fueled by their emotional extremes. When they meet in a treatment facility, their chemistry is instant and intense driving each other's mania to new heights. They pursue their passion which breaks outside the bounds of sanity, swinging them from fantastical highs to tormented lows until they ultimately must choose between sanity and love.

Inspired by the filmmaker's own struggles overcoming bipolar disorder, Paul Dalio wrote, directed, edited and scored his feature film debut. And he has his inspiration (and mine) Kay Redfield Jamison play herself in this story. 106min 2015 R With discussion
