Ten years in the making, this feature documentary, portraying life on the gritty side of our city, might be called 'the Boyhood of impact docs'.

A woman chronicles her experience befriending four addicted and homeless street people with tragic pasts and using the First Nations Medicine Wheel. As she attempts to help them, they ultimately change the course of her life.

With sage advice from Rev Al Tysick, Hereditary Chief Phil Lane Jr, and Dr Gabor Maté. She warns, "You may never look at a street person in the same way again."

Q&A with Krista Loughlin.

Krista has been passionately working on her first feature length documentary, *Us and Them*, over the past decade. Conception began in 2006 when Loughton made *Our Hero*, a short film about Reverend Allen Tysick, a street minister who has dedicated his life to serving the poorest of the poor. She participates on-screen in the film, while producing and being one of its writers and directors.
